

FROM A STUDENT TO A
LEADER

TRANSFORMATION THROUGH FOCUS, HARD WORK AND COMMITMENT

A leader has his calm, reflective moments, too.

The success is savoured and celebrated, and he is alone with his thoughts. With fondness and gratitude he recalls his alma mater which encouraged and helped him to channelize his boundless energy and enthusiasm, where his dreams and aspirations were moulded and given a direction and purpose. Across his eyes swims the image of his maths teacher who inspired him to fall in love with the subject and taught him never to give up. He remembers his tennis coach who instilled in him the confidence to pull off the winning back hand against the toughest opponent. As he fights back his tears, he returns to the present.

Although there is a lot that he has to thank for, it is his focus, hard work and commitment that have made him the leader that he is today. No one can take any of those things away from him.

At GeeKay, we match those sterling qualities of a budding leader by bringing into play a blend of focus, hard work and commitment from our team, enabling and empowering him all the way - because we believe that every single student at GeeKay is a potential leader.

HOLISTIC AND HUMANE APPROACH TO CREATING LEADERS

The academic, administrative and extra-curricular roles and responsibilities are so structured as to offer students fair and equal opportunities in scholastic, sports and artistic pursuits, in a concerted effort to promote excellence.

Mr. R. Gandhi
Chairman

The GeeKay World School (TGWS) is a vision transformation of The GeeKay Group of Companies led by the Chairman Mr. R Gandhi, who started the legacy in early 80's and laid a strong foundation for the group. He is a man of great character, benevolence and clear foresight. He has been a visible figure in the society in various optimistic ways, and has played a major role in Public Service. Under his leadership GeeKay Group of companies has been operating in versatile business fields like Leather, Mining, Hospitality, Media and Communications. The ideology and vision of the group has been taken forward by the Managing Director Mr. Vinod Gandhi and Director Operations Mr. Santhosh Gandhi.

Mr. Vinod Gandhi
Managing Director

*"Target the Skies,
You may even learn to fly
Mighty Vision releases
Massive Talents in you"*

Mr. Vinod Gandhi, a Man of Vision, has successfully established his business foundation at a very young age and has always aspired to scale heights. He has explored the unexplored and unwrapped the hidden opportunities available at versatile fields of business. Having completed his Schooling and College Education from Madras Christian College and Loyola College, Chennai, he ardently pursued his passion in Designing and Art of all forms. Mr. Vinod Gandhi brought in internationalism in all aspects of education and his educational philosophy aims at holistic development of the child - Physical, Mental, Intellectual, Emotional and Spiritual. His travel and research on various educational standards and practices followed nationally and internationally, is the spine behind the design of the GeeKay unique curriculum integrating the best international practices.

Mr. Santhosh Gandhi
Director of Operations

"We believe in creating socially responsible and global citizens who will be associating themselves with a cause larger than self"

The Director Operations, Mr. Santhosh Gandhi, is a guiding force in all the administrative functioning at The GeeKay World School. Having completed his Bachelor's of Commerce from Christ College, Bangalore, and Bachelor of Science in Business from DePaul University, Chicago, USA and Masters in Business Administration (MBA) in Operations Management from MBA Indiana University of Pennsylvania, Indiana, USA, Mr. Santhosh Gandhi leaves no stone unturned in providing education of the highest quality. His philosophy in education passionately advocates multicultural environments for nurturing future citizens of the world. According to him, education should create socially responsible, global citizens who are prepared to be associated with a cause larger than self.

KINDLING THE SPIRIT OF INQUIRY IN YOUNG MINDS

Albert Einstein is believed to have said:
I have no particular talent.
I am merely inquisitive.

In every young mind lives an endless excitement and desire to know, their WHYs and HOWs mirroring their quest for enlightenment. Our teachers are constant companions to students in their journey of exploration and discovery, providing illumination along the way and whetting their appetite for intellectual fulfillment.

CAN YOU SPOT AN EMERGING EINSTEIN, RAMANUJAN OR MARIE CURIE?

A place to reflect and be inspired.
A place to experiment and research.
Our library and labs offer a stimulating
environment and resources, inviting
every student to indulge in quiet
contemplation and study.

Our library has an impressive
collection of volumes on various
subjects - a genuine treasure to
enthusiastic students towards deep
and extensive search for knowledge.
Our faculty are always ready at hand
to help and guide students.

Laboratories

AS THE
BODY
IS IN
FULL
FLOW,
THE
MIND
FEELS
FREE.

Students have a wide choice of sporting activities to engage themselves in their time away from classrooms. Individual and team sports help them build stamina and develop a sense of determination, and also inculcate in them the spirit of team-work.

We have experienced coaches to encourage and assist students in their choice of sport.

Not surprisingly, great thinkers and inventors have derived much inspiration and many fertile ideas when they have been away from their normal work-ambience. An invigorating jog or a game of tennis proves to be extremely relaxing to the mind, as the body gets its due share of tasks and challenges.

POISE AND PANACHE OF A TRUE LEADER

Research across the world has shown that schools that integrate performing arts in the curriculum are showing positive changes and remarkable improvement in academic performance.

Our students have opportunities to learn and excel in, classical and western dance forms, music, and theatre, to become great artists and entertainers. This constructive diversion that the school encourages students to take part in, lends a further dimension to a student shaping to emerge as a leader.

PLEDGING TO PROMOTE
INDIVIDUAL EXCELLENCE
AND PRODUCE
ENLIGHTENED LEADERS

We start every day at our school by reaffirming our commitment to our core values and philosophy upon which rests the entire structure and system of function of our school. The clarity and determination of this approach both in foundation and methodology is calculated to lead to improvement and growth in every aspect of a student's life at GeeKay.

Further more, our tireless effort towards enhancing the infrastructure and facilities at our school will ensure that GeeKay School continues to be an educational institution par excellence, creating leaders for a better tomorrow.

Experience state-of-the-art, boarding - a home away from home

The warm and welcoming environment of our cutting-edge campus and boarding facilities all work together to form a unique learning experience for students.

Safety, Health and Hygiene is our priority and we provide the highest standards of pastoral care. Our in-house staff responds to every student's need, whether it is counselling or medical aid. Internal and external after-school activities ensure that students become more well-rounded and academically sound.

Boarders benefit from a nutritious and balanced diet. There is high-speed internet access throughout both boarding houses, as well as lounges, and study rooms which allow everyone to come together in an informal setting to relax and unwind. Our boarding assures a family atmosphere, in which all are free to express themselves.

First Hand Experiences For Future Leaders

As they say, experience is the best teacher.

In our effort to enable our students to mature and develop as multidimensional personalities, we organise camps, field trips and team-building programmes. Through these opportunities, students interact with people who pursue and practise different professions, and also come closer to Nature. Under the careful guidance of their teachers, students get a taste of the real world and learn a lot by observation, inquiry and debate.

Our Leadership Adventure Camps and other training programmes take place periodically, right through the academic year. Appropriate to the grades they belong to, students take part in a wide range of exciting activities.

INTEGRATED
MIDDLE SCHOOL
PROGRAMME
(I MSP)

MULTI-DISCIPLINARY
APPROACH.
MULTI-DIMENSIONAL
PERSONALITY.

GIPP

Geekay Integrated Primary Programme
KS-Grade 5

GIPP at Pre-Primary (KI-K3)

GIPP at Pre-Primary closely observes the inquiry methodology based on well-defined knowledge cycle and includes integration of the following subjects, thereby promoting interdisciplinary approach:

- English
- Maths
- Arts and Craft
- Physical Education
- Music
- Dance

GIPP at Primary (Grade 1-5)

The interdisciplinary approach continues at this stage too, which includes the integration of the following subjects:

- English
- Maths
- Visual Arts
- Languages (Tamil, Hindi, French)
- Performing Arts
- Social Science
- Technology
- Environmental Studies (EVS)

GIPP Assessments at Primary

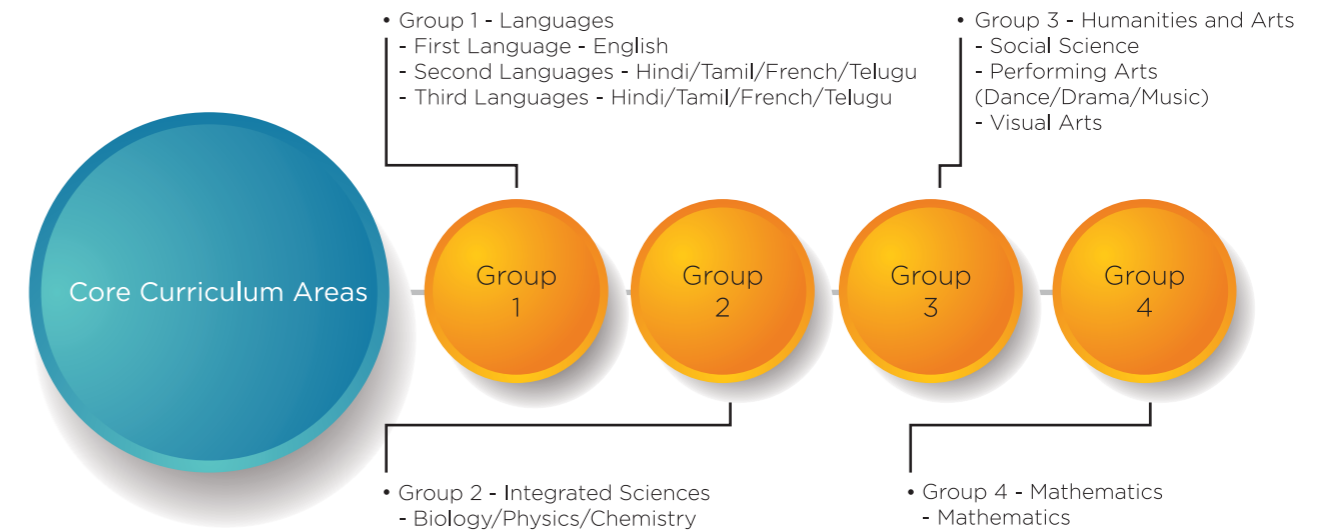

Apart from Unit Tests, Periodic Assessments, Mid-year & end of the year Assessments, language skills like Reading, Writing, Speaking and Listening are also evaluated at stages.

GIPP Assessments at Pre-Primary

The GIPP curriculum at Pre-Primary employs student-friendly assessment strategies, to make evaluation an integral part of learning. Unit Tests & evaluations, Formative Assessments and Summative Assessments help the young learners face the assessments with confidence at the early stages of their life.

IMSP

Integrated Middle School Programme
Grade 6-8

Subjects at IMSP

The subjects at IMSP aim to help the students strike a balance between the experiential learning at Primary Programme and practical applications at Secondary Programme.

- Group 1 - Languages
- Group 2 - Integrated Sciences
- Group 3 - Humanities and Arts
- Group 4 - Mathematics

The core curriculum areas include:

- Community Service
- Life Skills
- Information Technology
- Global Research

Assessments at IMSP

Component	Pattern
First Semester	
Unit Tests - 1 and 2	In July and August
Mid Year - Examination	In September
IMSP Subject - Specific Project	
Unit Tests - 3 and 4	In November and February
Year End - Examination	In March
IMSP Subject - Specific Assessment	

Central Board of Secondary Education (CBSE)

Curriculum at Secondary Grade 8- 12

The curricula, the pedagogical practices and the wide choice of subjects offered ensure that children are competent, qualified and productive human resource of tomorrow's workplace. Children learn to solve problems through teamwork. They learn the skills of learning for continuous improvement.

The classroom transactions are designed to generate interdisciplinary knowledge through interactive sessions by creating opportunities for processing information. The focus on global education and second- language proficiency promotes rigorous, open-minded intellectual engagement, nimble thinking, strong problem-solving skills, multicultural friendships, cognitive development and creativity.

Cambridge Assessment International Education (CAIE)

Cambridge IGCSE (Grade 8 to 10)

Cambridge IGCSE is the world's most popular international qualification for 14 to 16 year - olds. Cambridge IGCSE is widely recognized by higher education institutions and employers around the world as evidence of academic achievement.

Cambridge IGCSE helps learners with:

- Subject content
- Flexibility and responsiveness to change
- Applying knowledge and understanding to new
- Working and communicating in English as well as unfamiliar situations
- Influencing outcomes
- Intellectual enquiry
- Cultural awareness

Higher Secondary at TGWS

The Higher Secondary at TGWS follows the Cambridge AS/A Level Programme and CBSE-AISSCE programme.

Cambridge AS/A Level

The Cambridge International AS/A level at TGWS prepares the students for English Language (AS Level) and the following subjects at both AS and A Level: Biology, Physics, Chemistry, Mathematics, Business Management, Psychology, Accounting, Applied ICT, Physical Education, Mechanics.

AISSCE (CBSE)

The AISSCE Programme at TGWS prepares students for Science, Commerce and Humanities Stream. Some of the subjects offered are: English, Biology, Physics, Chemistry, Mathematics, Computer Science, Informatics Practices, Business studies, Economics, Accountancy, Physical Education. Skilled Subject: Food, Marketing, Nutrition & Dietetics.

Constructive engagement complementing the curriculum

Higher Secondary - Career counseling University Fairs and guidance

Academic heads and parents come together to help students choose the subjects that match their interests and strengths. Students are also made aware of overseas opportunities for further studies and taken to University Fairs where they interact directly with the university officials.

Caring for the community

Through various initiatives, students are made aware of their social responsibility and enabled to contribute towards worthy causes such as blood donation camps, disaster relief operations, old age home visit, book donation, go green awareness - flash mobbing, home counseling and traffic safety awareness programmes.

Imparting skills to emerging leaders

- IBT-ACER
- Robotics
- Public Speaking
- Abacus-help sharpen computational ability
- ASSET, Science Olympiads and Spell Bee Help assess and develop innate talents
- NIE (Newspaper in Education) Stirs up interest in global affairs
- IIT Foundation/Integrated - JEE/NEET Coaching Helps prepare for competitive exams
- Cambridge English

YLE (Young Learner's English) KET (Key English Training)	Helps develop all-round proficiency in English
